MANTELSDIRECT

TIMBER FIREPLACE MANTELS & SHELVES

We offer a great selection of high quality Solid Wood Timber Fireplace Mantels made exclusively for Mantels Direct by New England Timber Works. They've been working with fine quality timber for over 30 years and our bringing that tradition and excellence to fireplace mantels. Their unique timber fireplace mantels are handcrafted in keeping in the tradition of timber framing. All of the joinery is mortise and tenon secured with oak pegs. With several wood types and finishes available you're sure to find the distinctive high quality mantel you're looking for.

AVAILABLE WOOD TYPES

- Hemlock
- White Pine
- Douglas Fir
- Oak

AVAILABLE FINISHES

Colors shown are approximations and are likely to vary with the type, color, grain, porosity and texture of the wood used. TimberJack® is a specially-developed family of products for application to log and timberframe homes. Formulated to add beauty and protection to your investment in wood, TimberJack imparts striking natural color to enhance the rustic character of most types of logs and wood surfaces.
